Good AM..

There's a set amount that HQ give each region. We have \$ 688,374.00 available to spend.

Thanks.

Subject: Cost status for Slauson Tanker Fire Site (FPN E19902)

Hi Anabel,
I am assisting Harry Allen with the Slauson Tanker Fire Site (FPN E19902), which is an OPA ER Site here in southern California. I would like to see where we stand financially, with respect to the FPN cost ceiling, so I can prepare a TO request on the new START contract and determine whether we need additional funds to complete the project. Please let me know if you can assist with the cost status on this project.

Sincerely,
